DETAILED ACTION

Response to Amendment

The Amendment, filed on October 6, 2003, has been entered and acknowledged by the Examiner.

Cancellation of claims 4, 21 and 23 has been entered.

Allowable Subject Matter

Claims 1-3, 5, 18-20, 22 and 24-32 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation of a material of the lubricant thin film having a friction coefficient of below 0.06.

Regarding claims 2-3, 5, 18 and 19, claims 2-3, 5, 18 and 19 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Regarding claims 20 and 22, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claims 20 and 22, and specifically comprising the limitation of the lubricant thin film being selected at least one of from the group consisting of diamond-like nanofilm composites, diamond-like carbons, MoS₂, and polytetrafluoroethylene.

Regarding claims 24-32, claims 24-32 are allowable for the reasons given in claim 22 because of their dependency status from claim 22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
